

Well, my hat's done worn out, my boots are bad

I ain't got a gun but I wish I had

And I'm down in a one horse town

My gal done left me the other day

Said, I didn't bring home enough of that pay

And I'm down in a one horse town

But I'm doin' fine, I'm doin' okay

I think I might get by just one more day

Well, when you get low down, you got nothin' to lose

All you can do is start singin' the blues

When you're down in a one horse town

I drank on Tuesday, until I fell down

I woke up on Wednesday and you weren't around

And I'm down in a one horse town

But I'm doin' fine, I'm doin' okay

Think I might get high, just one more day
